In this guide, we will explain the basic rules of Roulette Xtra, the new and exciting progressive Roulette jackpot. However, should you require any more information or have any questions, our friendly Casino Staff are always on hand to help you and give you advice.

ENJOY THE GAME AND HAVE FUN!

THE GAME

Roulette Xtra is an exciting new game joining the family of progressive jackpot games.

Roulette Xtra is available on selected American Roulette Tables, which are identified by the flashing progressive betting pads, vibrant layouts and a progressive display.

Playing Roulette Xtra is easy. You simply place your bet on the same colour Progressive Pad as the colour chips you are playing before the Dealer spins the Ball.

HOW IT WORKS

The Dealer will announce 'Place your bets'. At this time you can place your bet on your flashing Progressive Pad.

The Dealer will announce no more Progressive Bets and "Lock out" the system. The betting pads will stop flashing and will remain illuminated.

HOW TO WIN

There are six ways of winning.

After the progressive bets have been "locked out" by the Dealer, your colour will be allocated a random number between 0 and 36 on the progressive LED screen.

This screen will display the live Table Wheel together with the Bonus Wheel winning numbers.

WINNING COMBINATIONS

Triple 7.

The physical table wheel winning number, the bonus wheel number and the player's personal lucky number coincide with each other.

Simplistically '777'.

Any Other Trip.

The physical table wheel winning number, the bonus wheel number and the player's personal lucky number coincide with each other, except for '777'.

Simplistically all 3 numbers are the same, but may not be the 7 of the specified Triple 7 jackpot.

'17-17' Wheel and Bonus Match.

The physical table wheel winning number and the bonus wheel number both match the specified number "17".

All active players that played the progressive bet on that spin will share the displayed amount.

Player Number and Roulette Wheel Match.

The physical table wheel winning number and the player's personal lucky number coincide with each other.

Roulette Mystery.

This is a mystery progressive linked to all specified Progressive Roulette Tables, which has a start out and a maximum value with a win guaranteed between the two values.

Floor Wide Mystery.

Like the Roulette Mystery this is linked to Roulette and other Progressive Tables within the Casino. This has a start out and a maximum value with a win guaranteed between the two values.

Only the highest winning combination is paid.

The initial bet is not returned when winning payouts are made.

It is as easy as that, for a relatively small wager on the Progressive betting pad you could win any of these jackpots!

Roulette Xtra brings even more ways of winning to the exciting game of American Roulette.
